Honorary Chairs

Han-Chieh Chao, National Dong Hwa University, Taiwan
Hideyuki Takagi, Kyushu University, Japan

Steering Chairs

Jason C. Hung, National Taichung University of Science and Technology, Taiwan
Neil Y. Yen, University of Aizu, Japan

General Chair

Jen-Shiun Chiang, Tamkang University, Taiwan

Vice General Chair

Qingguo Zhou, Lanzhou University, China

Program Chairs

Yan Pei, University of Aizu, Japan
Jia Wei Chang, National Taichung University of Science and Technology, Taiwan
Hai Jiang, Arkansas State University, USA
Pedro, Peris López, Carlos III University of Madrid, Spain
Zhou Rui, Lanzhou University, China
Daniel Shapiro, Clockrr Inc., Canada
Mahdi Zamani, Yale University, USA
Lin Hui, Tamkang University, Taiwan

Program Co-Chairs

Dmitry Novikov, Institute of Control Sciences V. A. Trapeznikov, Academy of Sciences, Russia

Workshop Chairs

Carmen Camara, Technical University of Madrid, Spain
Shih-Nung Chen, Asia University, Taiwan
Young-Ae Jung, Sun Moon University, Korea
Sujata Pandey, Amity University Uttar Pradesh, India
Jun Shen, University of Wollongong, Australia
Gerald Schaefer, Loughborough University, U.K.
Wei-Chen Wu, Hsin Sheng College of Medical Care and Management, Taiwan

Special Session Chairs

Kuan-Chou Lai, National Taichung University of Education, Taiwan
Jenn-Wei Lin, Fu-Jen University, Taiwan
Xinghua Sun, Hebei North University, China
Chengjiu Yin, Kobe University, Japan
Xiaokang Zhou, Shiga University, Japan
Yishui Zhu, Chang'an University, China

Publicity Chairs

Soumya Banerjee, Birla Institute of Technology, India
Jindrich Kodl, Authorised expert in security of information systems, Czech Republic
Min-Feng Lee, National Museum of Natural Science, Taiwan

12th International Conference on Frontier Computing (FC2022) are a major international conference to bring together researchers, engineers, and scientists from academia and industry working in recent advances and emergence in information technology, and computer science and engineering, a comprehensive understanding to the essence of these realms, and their derivatives, and most importantly to present their works and latest results.

Special sessions on various subjects related to artificial intelligence, soft-computing, intelligent systems, perception, cognitive science, psychology, data analysis, IoT are welcome. Individual submissions in the following area are invited.

Topics include but not limited to the following:

Authors are solicited to contribute to this conference by submitting articles that illustrate research results, projects, surveying works, industrial experiences, and creative ideas that describe significant advances in the following areas, but are not limited to:

- Cloud, Ubiquitous, Pervasive, and High-Performance Computing
- Dependable, Reliable and Autonomic Computing
- Wearable Computing, Mobile Web, and Smart Environment
- Algorithm, Model, and Framework
- Programming Languages
- Communication and Networking
- Database and Data Mining
- Big Data and Internet of Things
- Anticipatory Computing
- Web and Internet Computing
- Natural Language Processing
- Promising topics in all aspects of information technology, science, and engineering

Call for Special Sessions: Proposals to organize Special Sessions are welcome. Please contact Special Session Chair and conference manager.

Paper Submission Procedure:

Electronic version of full paper (please use the Springer's style files for conference proceedings as a template for your submission. These include LaTeX and Word style files in the website of FC2022.) completed with authors' affiliations should be submitted through official site.

All accepted papers will be sent to Lecture Notes in Electrical Engineering published by Springer (indexed by ISI Proceedings, EI, SCOPUS, MetaPress, Web of Science and Springerlink). Selected papers will be recommended for post-conference publication in some Science Citation Index, Science Citation Index Expanded, EI, or Scopus journals.
